SUMMARY

Commercial operator who builds go-to-market engines, enters new markets, and makes scale repeatable. Scaled a business from zero to €48M in 15 months by winning government contracts, building teams, and expanding across borders in a regulated, multicultural environment. Combines engineering depth with P&L ownership and end-to-end GTM execution; equally capable at strategic altitude and ground-level execution.

EXPERIENCE

- Jun 25 - Aug 25 NAVOZYME PTE LTD. BARCELONA, SPAIN
AI & Blockchain Maritime Tech Scale-Up
MBA Summer Associate – Growth Strategy & Commercialization
- Designed and owned the full commercial strategy for an AI-powered maritime SaaS platform, covering market segmentation, pricing architecture, and partner/channel strategy across Europe, the Middle East, and Asia; presented recommendations to the C-suite and board
 - Built the market expansion playbook for two core products, mapping all significant players, contact networks, and market dynamics across each target location; the framework is still actively being used by the management team, confirming its lasting commercial value
 - Partnered with a multicultural C-suite (Singaporean founder, European CCO, American CTO) to translate deep-tech capabilities in blockchain and AI/ML prediction models into commercially viable propositions for enterprise customers across MENA and APAC
 - Diagnosed organizational and process bottlenecks limiting the company's ability to scale; synthesized findings into a prioritized transformation roadmap delivered to the founder and CEO, who adopted the recommendations and initiated execution
- Dec 20 - May 24 EUROFINS SCIENTIFIC SE (ESF0) HAMBURG, GERMANY (REMOTE)
Global leader in analytical testing services with over 900 labs in 62 countries, annual turnover of EUR 6.5B, 65k+ employees
- Jul 22 - May 24 *General Manager, D2C E-Commerce DACH (Germany, Austria & Switzerland)*
- Appointed by the MD of DACH and VP of Europe to found and lead a new e-commerce business unit from zero; held full P&L ownership across product strategy, pricing, marketing, fulfilment, and customer experience for self-sampling home tests
 - Designed a replicable e-commerce operating model and scaled the platform to eight countries within 12 months; the framework was adopted as the company-wide standard across all business units globally, setting the baseline for Eurofins' digital commerce expansion
 - Created market-leading products in the human self-sampling segment by coordinating 11 stakeholders across R&D, Legal, Marketing, logistics, and certification bodies, driving a customer-centric strategy
 - Recognized an untapped niche in animal testing and drove a new product line from concept to market; outpriced the central purchasing team through direct supplier negotiation to secure first-to-market entry and establish a new profitable revenue stream
- Aug 21 - Jun 22 *General Manager, New Business Line – COVID-19 Testing*
- Generated €48M in revenue in 15 months by leading market entry and commercial expansion across education, travel, enterprise, and D2C testing segments; won accounts including TUI Cruise, MSC, FIA (Formula 1) and MotoGP, and secured local government contracts across Germany; reported directly to VP & CCO Europe
 - Built and led a 15-person team of international high performers across Sales, Marketing, and Project Management, fostering inclusion and alignment around a shared vision; proactively supported each member's career progression and transition as the pandemic concluded, with individuals securing senior roles at Eurofins, Airbus and beyond
 - Delivered large-scale commercial programs simultaneously at speed: a network of 175 test centers in 8 months, nationwide daycare testing (10k children, 150+ centers, twice weekly), and global F1/MotoGP testing for race teams and officials; planned and executed a staged business ramp-down following peak operations, managing client transitions and team redeployment through to program closure
- Dec 20 - Jul 21 *Founding Commercial Lead – COVID-19 Testing*
- Founded Eurofins' first cross-divisional business unit in Germany, taking COVID-19 testing services from concept to full commercial operations, establishing the business model, regulatory framework, and operational infrastructure entirely from scratch
 - Launched the first self-sampling COVID-19 PCR test kit in Germany and Austria for easy at-home testing, achieving 25% market share and processing 150,000+ tests within 6 months
 - Secured exclusive COVID-19 testing rights for two major German airports (Frankfurt, Munich) by handling competitive tenders from corporate and government entities, navigating complex procurement processes and stakeholder requirements
- May 19 - Dec 20 AIRBUS SE (AIR) (ON BEHALF OF ALTEN TECHNOLOGY GMBH) HAMBURG, GERMANY
Engineering service provider, serving multiple industries and part of ALTEN S.A. (annual turnover EUR 4.1B, 54k+ employees)
Project Manager & Engineering Consultant
- Led cross-functional coordination across 20+ stakeholders and 6 departments to reorganize and expand an aircraft production line segment, increasing output by 27% (7 to 9 aircraft/month) and reducing production delays by 13%
 - Built a business case projecting €2.3M in annual savings from an 18% production time reduction through modularization; approved and implemented by senior leadership

EDUCATION

- 2024 - 2026 IESE BUSINESS SCHOOL BARCELONA, SPAIN
Master of Business Administration (MBA Program); IESE Trust Scholarship (EUR 20k); Focus: Technology General Management
Core Areas: AI/ML Strategy, Digital Transformation, Strategic Execution, Global Market Expansion, Organizational Leadership
- 2013 - 2018 HAMBURG UNIVERSITY OF TECHNOLOGY HAMBURG, GERMANY
B.Sc., Mechanical Engineering, Grade: 2.7 (Good); M.Sc., Product Development, Materials and Production, Grade: 1.8 (Very Good)
Exchange semesters at Nanyang Technological University (Singapore, 2018) and Indian Institute of Technology Madras (India, 2016)
